

## **Authorization of integrated fixed-mobile services**

The Council of the Communications Regulatory Authority has approved today the decision to authorize integrated fixed-mobile telecommunications services. The decision was supervised by the Commissioners Lauria e Savarese.

The decision defines the regulatory conditions to be applied to the fixed-mobile integrated services proposed by Vodafone (Vodafone Casa) and Telecom Italia (Unico).

In the decision the necessary measures to protect final consumers and in particular the obligation to produce complete information on practiced prices are explained in detail. The regulation will be in force 30 days after the publication in the Official Journal.
